Instruction

1. Transfer the originals onto tracing paper and cut them out as templates. Transfer the templates onto the appropriate paper and cut them out. For filigree objects it is best to use a sharp craft knife.
2. Follow the dotted lines with a folding bone and prefold.
3. Fold the box together and decorate all elements on the box as you like.

You can find more information about URSUS handicraft tools at:
www.ursus-basteln.de/en/tools

The birdhouse can also be used as a real birdhouse.
Attention! Not waterproof!
