Handicraft instructions

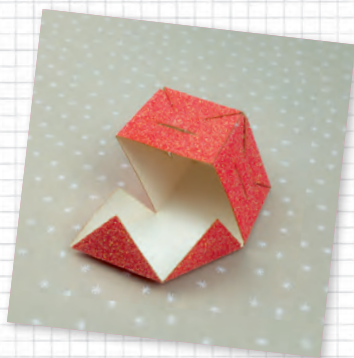

Star giftbox

- 1) Transfer stencils to the desired photo cardboard motif and cut out
- 2) Face the folding lines with the aid of the folding stick
- 3) Apply glue to the glue tab on the narrow side and connect the two star sides
- 4) Done after the other, spread the adhesive tabs on the star sides with glue and attach it from below to the sides of the jagged star base.
- 5) Bring the two star sides together

- 6) Apply glue to the glue tab of the box and close it. Then push the triangles into the slots provided.

assembling the box

put all elements together

decorate as you like
